

OUR BATTERY DISPENSERS

COMPTOIR Dispenser

PRESENTATION

The "COMPTOIR" self-service external battery dispenser allows students to retrieve their external battery with a simple click and easily recharge their equipment anytime.

The "COMPTOIR" dispenser can hold up to 9 PC batteries or 12 tablet batteries. This compact and mobile kiosk is customizable with the school or institution's logo.

Dimensions	25 x 38 x 25 cm
Number of batteries included	9 or 12 batteries
Connectors	V220Volts mains socket
Connectivity	4G / WiFi
Terminal reference for 12 batteries	YACCP0WBK4
Terminal reference for 9 batteries	YACCP0WBK5

Technical characteristics of external batteries for tablets and smartphones

External battery capacities	5 000 mAh
Charge level indication	LED
Connectors	USB Type-C cables included / Micro-USB / Lightning
Outputs	5 V / 2.1 A (max)
Battery Type	Lithium Polymer
Weight	146 g
Dimensions	12.9 x 7.6 x 1.4 cm
Reference	YACCPowBU2

Technical characteristics of external batteries for PC

External battery capacities	15 000 mAh
Charge level indication	LED
Connectors	USB Type-C cables included
Outputs	5-20 V / 1.5 A
Battery Type	Lithium Polymer
Weight	360 g
Dimensions	17 x 7.6 x 2.1 cm
Reference	YACCPowBU3
